

(iii) financial  
provision

(iv) access

[In each of these paragraphs state whether the grant of a decree will affect the present arrangements set out above, whether it is proposed that those arrangements should continue, and if not, and to the extent that they are likely to alter, state what alteration is anticipated and what proposals in the substitution are proposed. In the case of residence, where it is proposed that for any period a child should be in the immediate care of a person other than the applicants, give details of that person's willingness and ability to care for the child. In the case of education state, if possible, any long-term proposals for further education or training. In the case of financial provision give details of any application which will be made for ancillary relief in respect of the children and, where applicable, state the object of any application which is other than for the day-to-day support of the children.]

The said [child][children] [is][is not][are][are not] suffering from [any] serious disability or chronic illness or from the effects of [any] serious illness [namely [state, in respect of each child so suffering, the nature of the disability or illness and attach a copy of any up-to-date medical report which is available]]

The said [child][children] [is][is not][are][are not] under the supervision of a probation officer, social welfare officer or institution [namely [state the date of any order for supervision and the circumstances which gave rise to its being made]].
